

**JAMES W. STUCKERT ENDORSES SHAREHOLDER ADVOCATES FOR VALUE ENHANCEMENT'S (SAVE)
DIRECTOR NOMINEES FOR USA TECHNOLOGIES, INC.**

Urges Shareholders to Vote the GOLD Proxy Card Online Today

GREENWICH, Conn., June 25, 2012 /PRNewswire - S.A.V.E. Partners IV, LLC, which together with its nominees and certain other shareholders are members of a group ("SAVE") that collectively owns 3,196,739 shares of common stock of USA Technologies, Inc. (NASDAQ: USAT) ("USAT" or the "Company"), representing approximately 9.8% of the Company's outstanding shares, today issued the following release:

Shareholder James W. Stuckert today endorsed Shareholder Advocates for Value Enhancement's seven highly-qualified director nominees for the USAT Board on the **GOLD** Proxy Card. Mr. Stuckert, together with his wife, beneficially owns 512,000 shares of common stock of USAT and is a member of the SAVE group.

In a statement issued today Mr. Stuckert, said, "I've spent my career investing in companies that I believe have the potential to generate significant value for clients. Under the right leadership and with a well-balanced, engaged board of directors, it is my opinion that USAT can become such a company." Mr. Stuckert continued, "USAT has failed to convince me that its most recent financial results provide evidence that USAT is performing well — in my view, revenues and connections need to translate into profits. Furthermore, I believe USAT's current business plan offers nothing new to shareholders and fails to address the fundamental concerns I have about managing hardware costs, improving vending route management services and upgrading technologies. In my view, the status quo can no longer be maintained and change is urgently needed. I fully endorse the election of SAVE's seven highly-qualified director nominees because I firmly believe it is in the best interest of the Company and its shareholders."
